| | Opened | Closed |
|---|---|---|
| Lakeview Basin | 1,367 | 1,367 |

## SEWERAGE & WATER BOARD OF NEW ORLEANS/ CITY OF NEW ORLEANS COORDINATION

**Work Accomplished**

- On December 10, 2015, the City of New Orleans and the Sewerage and Water Board of New Orleans reached a settlement with Federal Emergency Management Agency (FEMA) for street and subsurface infrastructure repairs related to Hurricane Katrina in the total amount of approximately $2.4 Billion. This will allow for additional infrastructure projects that will be coordinated through the combined efforts of DPW and the Board.

- The CNO and SWBNO jointly developed an aggressive schedule for the expenditure of the $2.4 Billion to FEMA for their review and approval on March 30, 2016. This schedule has already been implemented and includes the ongoing design of approximately 235 infrastructure projects, of which 64 projects are complete and 45 projects are in the construction phase. This will allow for a continued increase in construction activities in 2023 as we ramp up our efforts to perform repairs on assets damaged as a result of Hurricane Katrina.

- The City of New Orleans and Sewerage and Water Board of New Orleans continue to re-evaluate the design and construction schedules so that they align and meet imposed deadlines set forth in the 3rd Modified Consent Decree.

- For details regarding specific coordination activities between the Sewerage and Water Board of New Orleans and the City of New Orleans during this reporting period, please see Section 1.

# Section VIII
# Sewerage & Water Board/City Coordination

## THIRD MODIFIED CONSENT DECREE SECTION XIX, PARAGRAPH 59
## SEWERAGE & WATER BOARD OF NEW ORLEANS/ CITY OF NEW ORLEANS COORDINATION

**Paragraph 59.** This paragraph requires the Board to summarize the Board and City's coordination efforts and work progress, including a summary of significant coordination efforts undertaken during the reporting period and a chart depicting those efforts. The chart shall identify each project (contract) on which the Board and City are coordinating or at the time of submitting the report, reasonably expect to coordinate, the estimated budget for each entity's share of the work (including the expenditure of federal funding that the Board and City reasonably expect to make at the time of submitting the report), the current status of that coordinated work, and the estimated and actual date for design completion, contract advertising, notice to proceed, and construction completion. With respect to the summaries and information reported under this paragraph 59, all parties understand that the amounts and dates of anticipated federal funding expenditures regularly change, that the reported information reflects what is anticipated at the time the Board submits it, and that the information is likely to change between each report.

**Work Accomplished**

- On December 10, 2015, the City of New Orleans and the Sewerage and Water Board of New Orleans reached a settlement with Federal Emergency Management Agency (FEMA) for street and subsurface infrastructure repairs related to Hurricane Katrina in the total amount of approximately $2.4 Billion. This will allow for additional infrastructure projects that will be coordinated through the combined efforts of DPW and the Board.

- The CNO and SWBNO jointly developed an aggressive schedule for the expenditure of the $2.4 Billion to FEMA for their review and approval on March 30, 2016. This schedule has already been implemented and includes the ongoing design of approximately 235 infrastructure projects, of which 64 projects are complete and 45 projects are in the construction phase. This will allow for a continued increase in construction activities in 2023 as we ramp up our efforts to perform repairs on assets damaged as a result of Hurricane Katrina.

- The City of New Orleans and Sewerage and Water Board of New Orleans continue to re-evaluate the design and construction schedules so that they align and meet imposed deadlines set forth in the 3rd Modified Consent Decree.

- For details regarding specific coordination activities between the Sewerage and Water Board of New Orleans and the City of New Orleans during this reporting period, please see Section 1.

* Contracts 3984, 3985 and 3989 were funded by a $9 million grant that the SWB obtained through the Louisiana Department of Environmental Quality. Better than expected prices were obtained through the traditional competitive bidding process, resulting in $1 million in grant money that was not committed to contracts. After the original scope of work was completed, prior to the end construction dates; rather than take the time to assemble, route, advertise and award a fourth contract, a decision was made to add additional time and work to the existing contracts at the prices submitted through the competitive process. This resulted in additional sewer repairs completed in an expedited manner and in compliance with all grant provisions.
