

## BLD Contract 30235

### Update 8.12.24

8700 Willow – Started full line replacement 7/12/24

- Water leak discovered and reported to SWBNO on 8700 Willow St – Ecologics turned in the water locate report. Working through water issues. Resolving as we work.

No scheduled restoration – trying to complete restoration on first 4 jobs before mobilizing to these

#### ON GOING WORK

- **Post Repair CCTV**
  - We are caught up on mandrel tests and post repair videos to date – we've assigned more post repair videos to one of our CCTV crews and will be submitting those CCTVs ASAP.
- **CCTV Priority**
  - 8100 Cohn St (area near streetcar, pipe bursting segment trying to CIPP), Audubon fly segments - 100 East Dr
- **We have identified some work coming up on Broadway**
  - We've sent coordination email to all parties and will begin this work 8/19/24
